# Jrac Science

## Weekly Plans for

**Monday, September 1, 2025 – Friday, September 12, 2025**

### Monday: 9/1/25 – Labor Day – No School

### Tuesday: 9/2/25

*Plan to:* Start Virtual Lab: Jack's Plant Competition (Day 1: Part 1 & Part 2)
**Target:** Students will start to gain a better understanding of the process and steps necessary to conduct a valid experiment.
☐ *Due today: Nothing*
☐ *Assignments: Begin working on Study Guide for upcoming Test*

### Wednesday: 9/3/25

*Plan to:* Continue Virtual Lab: Jack's Plant Competition (Day 2: Experiments B,C, &D)
**Target:** Students will start to gain a better understanding of the process and steps necessary to conduct a valid experiment.
☐ *Due today: Nothing*
☐ *Assignments: Continue to work on Study Guide*

### Thursday: 9/4/25

*Plan to:* Finish Virtual Lab: Jack's Plant Competition (Part 3 and Peer Review)
**Target:** Students will start to gain a better understanding of the process and steps necessary to conduct a valid experiment.
☐ *Due today: Nothing*
☐ *Assignments: Work on Study Guide and Finish the virtual Lab packet: Jack's Plant Competition*

### Friday: 9/5/25

*Plan to:* Study / Review for the first Unit test of the year.
**Target:** Students will start to gain a better understanding of the process and steps necessary to conduct a valid experiment.
☐ *Due today: Virtual Lab: Jack's Plant Competition*
☐ *Assignments: Study for Nature of Science test.*

### Monday: 9/8/25 TEST – Summative Unit Test

*Plan to:* Take the Unit Test: Nature of Science
**Target:** Students will demonstrate their knowledge of Experimental Design and the Nature of Science on the summative assessment.
☐ *Due today*: Nothing
☐ *Assignments*: None

### Tuesday: 9/9/25 – STAR Testing: MATH – during I/E today.

*Plan to*: Begin new unit: Characteristics of Life by completing the Lab: Wanted: Dead or Alive
**Target:** Students will start to gain a better understanding of what characteristics define life
☐ *Due today*: Nothing
☐ *Assignments*: Finish lab paper: Wanted: Dead or Alive

### Wednesday: 9/10/25 – STAR Testing: ELA – during I/E today.

*Plan to*: Take Notes and class Discussion: What is Life?
**Target:** Students will start to gain a better understanding of what characteristics define life
☐ *Due today*: Lab paper: Wanted: Dead or Alive
☐ *Assignments*: Read chapter 1 section 1 in the online book (pages 8-15)

### Thursday: 9/11/25

*Plan to*: Take Notes and class Discussion: Classification of Living Things
**Target:** Students will start to gain a better understanding of how scientist organize and name living things
☐ *Due today*: Nothing
☐ *Assignments*: Read chapter 1 section 2 in the online book (pages 18-23)

### Friday: 9/12/25

*Plan to*: Finish notes if needed, review information and take formative assessment
**Target:** Students will demonstrate their knowledge of the Characteristics of Life and Classification on a formative assessment.
☐ *Due today*: Nothing
☐ *Assignments*: None
